MANHATTAN'S PREMIERE WATERFRONT DESTINATION

Hudson River Park is an urban park for play, considered by many New York's West Side backyard. Attracting more than 17 million visits each year, the Park offers a myriad of recreational and educational activities for local residents and visitors alike, and plays a critical role in protecting the Hudson River environment. The Park offers unique event spaces and venues unlike any other in New York City, with incomparable views showcasing One World Trade, the Statue of Liberty and Empire State Building, to name a few.

TRIBECA

PIER 26

at N Moore St.

Pier 26 opened in 2020, the first new public pier in the Park in a decade. The location intricately weaves active and passive recreation space. The Pier's defining feature is its 15,000 square-foot tide deck, and the elevated cantilevered walkway above the deck that provides spectacular city and river views. The Pier also features a habitat walk, a sunny lawn and sports play area with boardwalks and seating areas. The Pier and its features offer the newest opportunity in the Park to create consumer-facing marketing activation and event production designed to reach a desired audience.
